## Fireplaces to enhance most models of Electric fire.

At Focus, we have been manufacturing a range of attractive fireplaces to complement the Gazco eReflex fires since they were first launched. Working in conjunction with the fire manufacturers, we are now introducing some fabulous new designs that combine with the latest ranges of electric fires from Gazco, Onyx and British Fires.

With floor-standing and wall-hanging fireplace choices and a wide variety of painted, veneered or solid oak finishes available, there is something to suit all styles and tastes.

For a flexible approach to creating the perfect fireplace to suit your interior décor scheme - you can simply review our range of fireplaces, select your favourite based on one of our existing designs and discuss any specific requirements with your stockist.

Check out our website for more details [www.focusfireplaces.co.uk](http://www.focusfireplaces.co.uk)

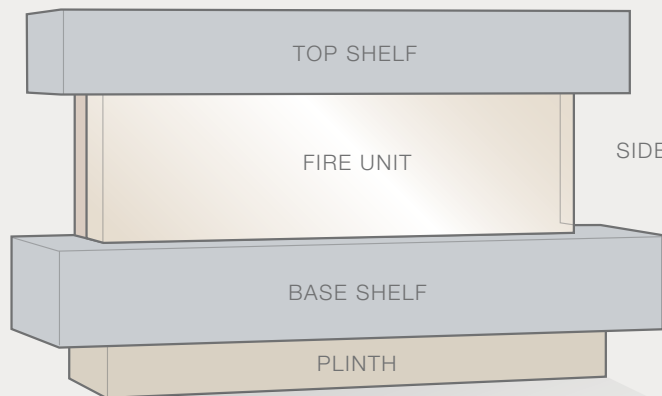

The Vermont Vista in Concrete and Oatmeal Finish

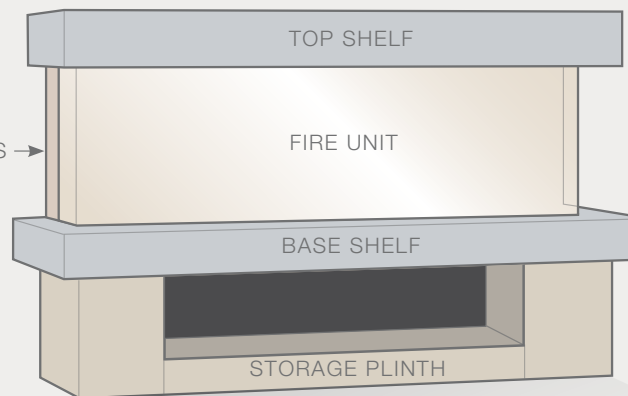

# A Guide to our Modern Electric Fireplaces

Our fireplace designs are made up from separate components. The guide below illustrates the wide range of designs available that can be utilised to create your perfect fireplace. Add in the extensive choice of dimensions, materials, colours and finishes and you will be certain to find the combination that is right for you! Any bespoke alterations are subject to the dimensions of the fire itself. Please refer to the back cover of the brochure for more details of the finishes available.

## Design examples:

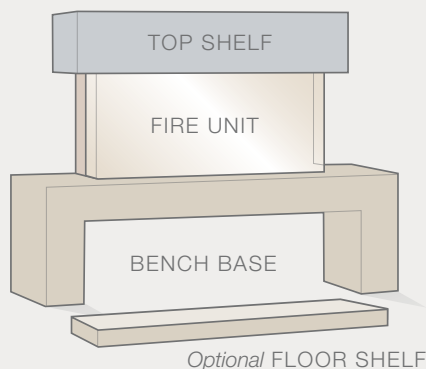

Designs: Nevada, Dakota

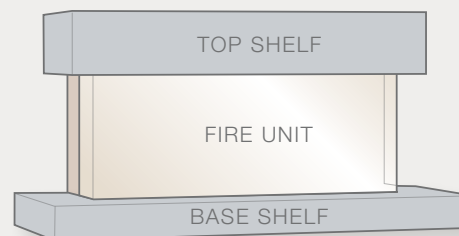

Designs: Montana, Georgia

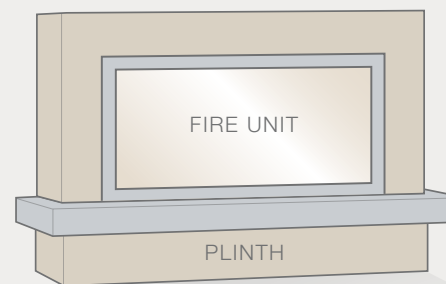

1. TOP SHELF	The height of the top shelf may be dictated by the fire itself
2. FIRE UNIT <i>(with/without SIDE CHEEKS)</i>	Side cheeks can be added to match the other elements of the fireplace
3. BASE SHELF	Subject to your choice of fire, it is usually possible to adjust the dimensions of the base shelf and the plinth
4. PLINTH	
ADDITIONAL OPTIONS: A. Lighting Kits (see pages 4 and 5)	

Designs: Maine, Missouri, Atlanta

Designs: Texas, Florida

Design: Vermont

Design: Vermont Vista

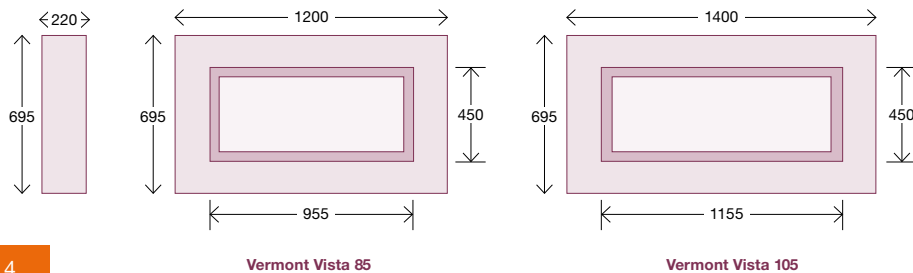

Vermont Vista 85 in Warm Grey and Slate Finish

Vermont 105 in Bianca and Midnight Finish with Optional Lighting

## Vermont Vista

*illustrated with the Gazco eStudio fire*

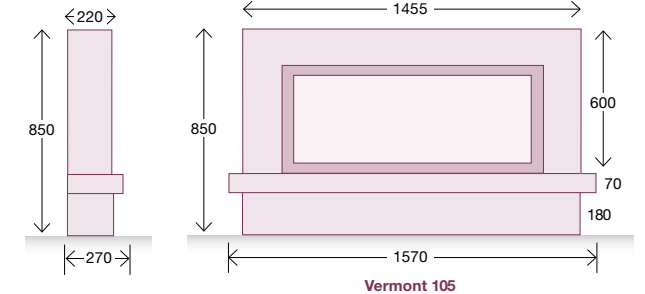

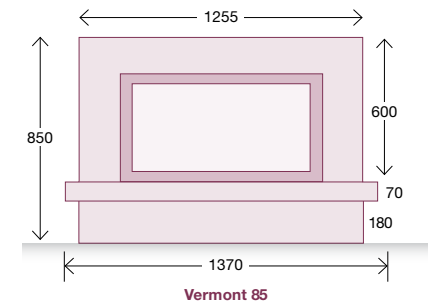

## Vermont

*illustrated with the Gazco eStudio fire*

The elegant Vermont Fireplace is a real design statement.

Created to house the eStudio 85R and 105R fires, the Vermont can be installed as either a wall-hanging or floor-standing fireplace.

With optional LED lights and available in a range of attractive finishes, the Vermont will set the mood of your living room.

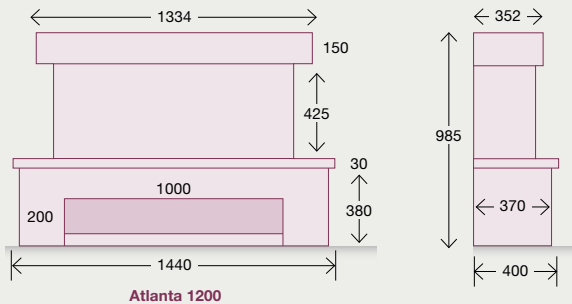

# Atlanta *illustrated with the British Fires New Forest fire*

Atlanta Base Unit in White and Midnight Finish

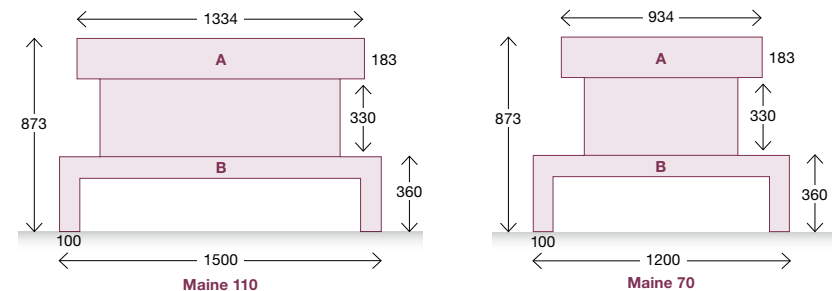

Dimensions dependant on fire selected.

Maine 70 Base Unit and Top Shelf in Grey Pearl

# Maine *illustrated with the Gazco eReflex fire*

The Maine fireplace is tremendously versatile. Two basic sizes are available to match either the 70w fire or the 110w fire and both of these fireplaces can be altered in size to suit your particular requirements or alternative fires.

Both A and B are 300mm deep (from wall to front of unit)

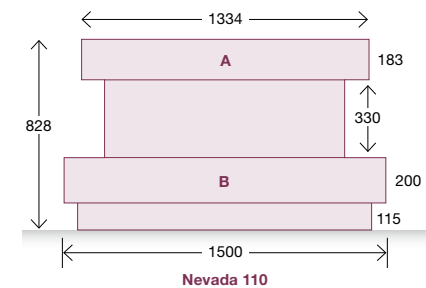

Nevada Base Unit in White and Midnight with Top Shelf in White Finish

# Nevada

*illustrated with the Gazco eReflex fire*

The floor-standing Nevada fireplace is designed to suit the eReflex fires. It can also be adapted to suit a wide variety of fires from other manufacturers. See the back page for all the finishes that are available.

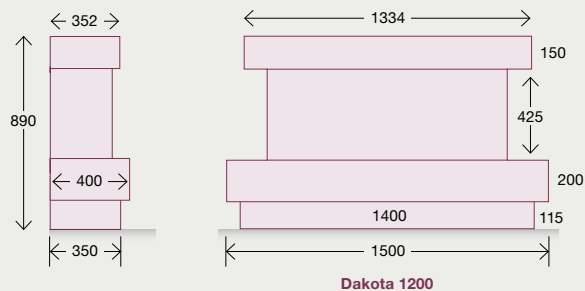

Both **A** and **B** are 300mm deep (from wall to front of unit)

Dakota in White and Grey Pearl Finish

# Dakota

*illustrated with the British Fires New Forest fire*

*Dimensions dependant on fire selected.*

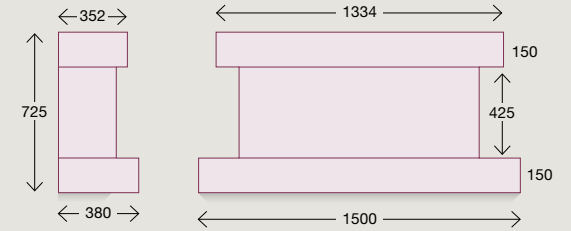

All the designs in this catalogue can be altered to suit your individual requirements. This illustration shows how the Texas fireplace has been made longer on the right-hand side to provide some extra display space.

Texas 70 Base Unit in White

# Florida

Florida 1200

Dimensions dependant on fire selected.

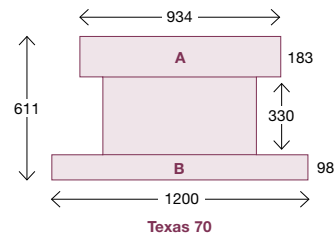

Florida Base Unit in Light Oak Finish with Top Shelf in White

# Texas

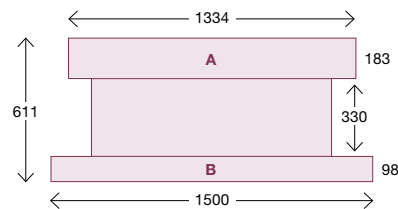

illustrated with the Gazco eReflex fire

Texas 70 Base Unit and Top Shelf: Rustic Oak in a Medium Finish

Texas 70

Texas 110

Both A and B are 300mm deep (from wall to front of unit)

Kentucky 70 Base Unit: Aged Oak in a Medium Finish

Kentucky 70 Base Unit and Top Shelf in Grey Washed Oak Finish

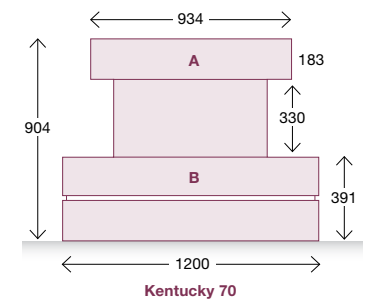

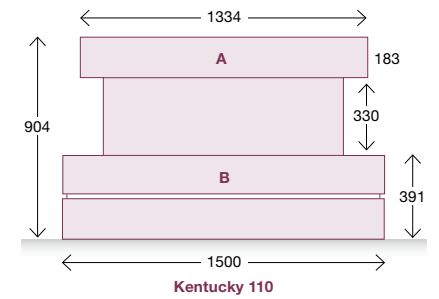

Kentucky 110 Base Unit in White Finish

# Kentucky

*illustrated with the Gazco eReflex fire*

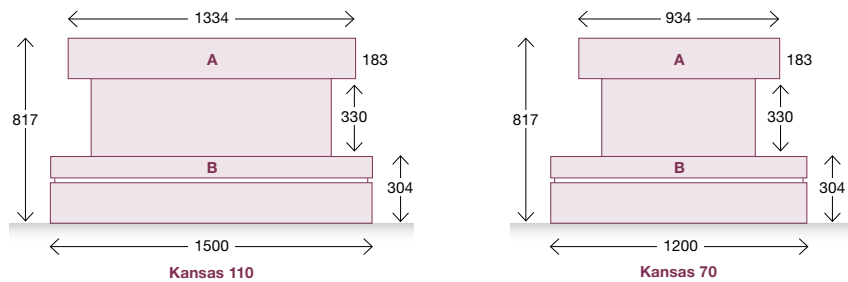

Both A and B are 300mm deep (from wall to front of unit)

Kansas 70 Base Unit in Grey Washed Oak Finish with Top Shelf in White Finish

Both A and B are 300mm deep (from wall to front of unit)

Dimensions dependant on fire selected.

# Kansas *illustrated with the Gazco eReflex fire*

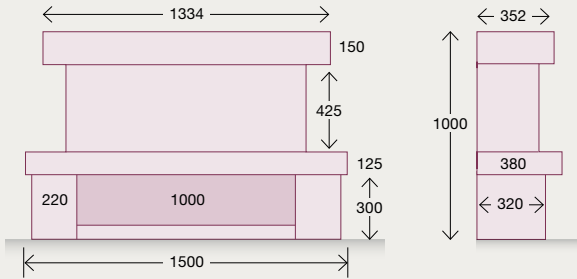

The Kansas and Kentucky fireplaces offer an almost limitless number of options. They look stunning with either with a Top Shelf or a Chimney Breast. The back page of this brochure shows all the different choices of timber finishes and painted finishes that these fireplaces can be produced in.

Kansas 70 Base Unit and Top Shelf: Rustic Oak in a Light/Medium Finish

# Georgia

illustrated with the British Fires New Forest fire

Georgia 1200

Dimensions dependant on fire selected.

Georgia in Midnight and White Finish

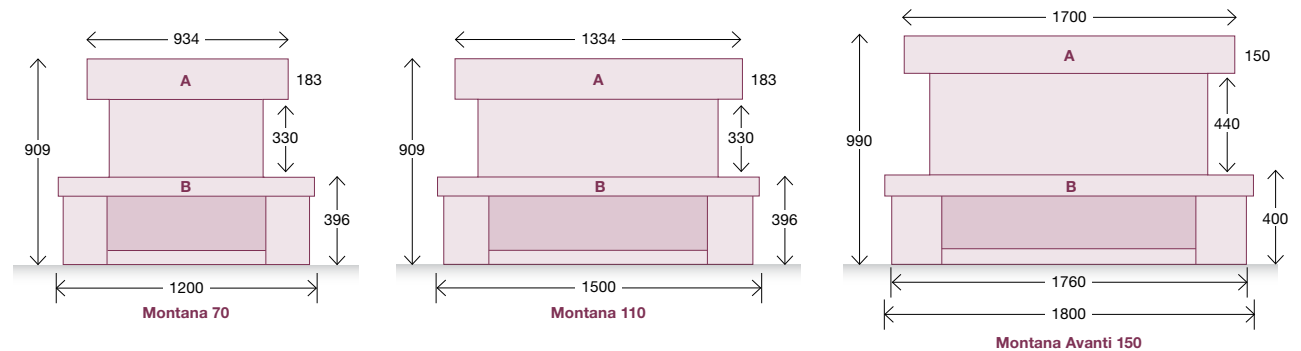

# Montana

illustrated with the Gazco eReflex fire

Montana 110 Base Unit in Bianca and Midnight Finish Top Shelf in Bianca Finish

Both A and B are 300mm deep (from wall to front of unit)

Dimensions dependant on fire selected.

A 380mm and B 400mm deep (from wall to front of unit)

Montana Avanti 150 in Soft Cream and Light Oak Finish - illustrated with the Onyx Avanti 150 Fire

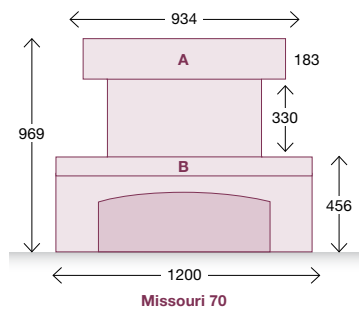

Missouri 110 Base Unit in White and Midnight Finish  
Top Shelf in White Finish

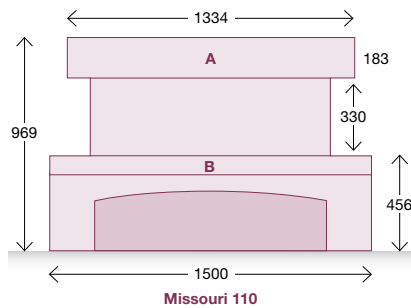

# Missouri

*illustrated with the Gazco eReflex fire*

Both **A** and **B** are 300mm deep (from wall to front of unit)

*Dimensions  
dependant on  
fire selected.*

Missouri 110 Base Unit in White and Midnight Finish

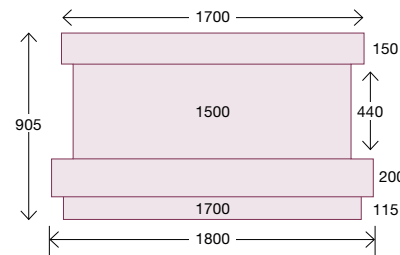

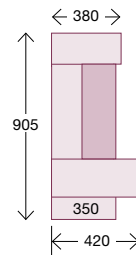

Nevada Base Unit in White and Midnight with Top Shelf in White Finish

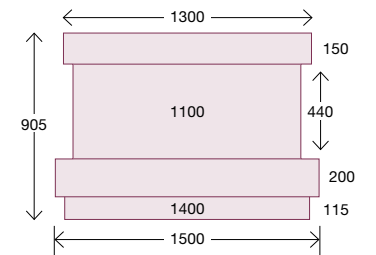

# Nevada Avanti

*illustrated with the Onyx Avanti fire*

If you are looking for a feature fireplace with a real presence, then the Nevada Avanti is for you!

**Nevada Avanti 150**

**Nevada Avanti 110**

*Dimensions dependant on fire selected.*

HS100 Shelf made to special dimensions in White Finish  
Also shown S60 Display Shelves in White Finish

Introducing shelves into your living space can have a dramatic effect.

Here the inset eReflex 105R has a made-to-measure shelf extending across the front of the chimney breast making a bold statement.

Additional display shelves to the side further enhance the look. All shelves can be manufactured to your exact sizes and in many cases they will be compatible with our Easy-fix system.

# Shelves

HS100 Shelf made to special dimensions:  
Round Edge Oak in a Light Finish  
Also shown HS70 Display Shelves  
in Light Oak Finish

Complement your fireplace with matching Display Shelves – made to suit your individual requirements.

Produced in three thicknesses:

60mm – available in oak finish or painted

70mm – available in solid oak

100mm – available in oak, painted or veneered

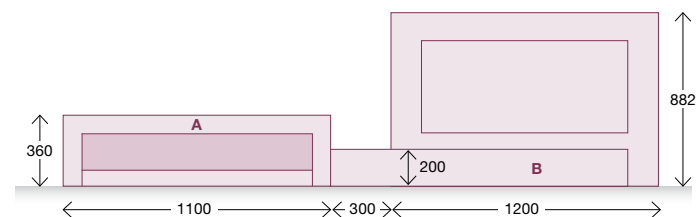

# Ripon

Ripon in White and Grey Pearl Finish

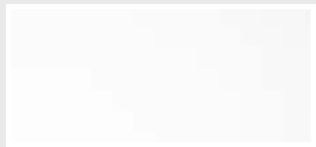

For a truly 'integrated' look the Ripon combines a fireplace for the eReflex 85R electric fire with a media centre that would be ideal for your television and Sky boxes etc. The Ripon suite can also be made larger to accommodate the longer eReflex inset electric fires such as the 105R or the 135R and fires from other manufacturers.

Both A and B are 300mm deep (from wall to front of unit)

Dimensions dependant on fire selected.
